EMPEROR HOTEL MANAGEMENT SOFTWARE

Next-Gen Integrated Hospitality ERP • Point of Sale • Guest Experience Management

FRONT OFFICE MASTER	BAR & RESTAURANT POS	FINANCIAL AUDITING	GST & META CRM
Dynamic Tariffs & Room Chart	Instant KOT & Multi-Printer	Full Ledgers & Payroll	E-Invoice & WhatsApp API

1. Reservation Master

- **Room & Rate Management:** Single, Double, Deluxe, AC & Non-AC tiers, companion & extra bed policies.
- **Live Visual Chart:** Real-time floor plan showing vacant, reserved, clean, and occupied rooms & tables at a glance.
- **Reservation Reports:** Comprehensive booking sheet, today's arrivals/departures, room status & guest roster.
- **Instruction & Remarks:** Wake-up calls, bed tea, dietary preferences, housekeeping alerts & remote/room notes.
- **Multi-Check Out Facility:** Single guest checkout, corporate group billing, seamless room shifting & billing split.

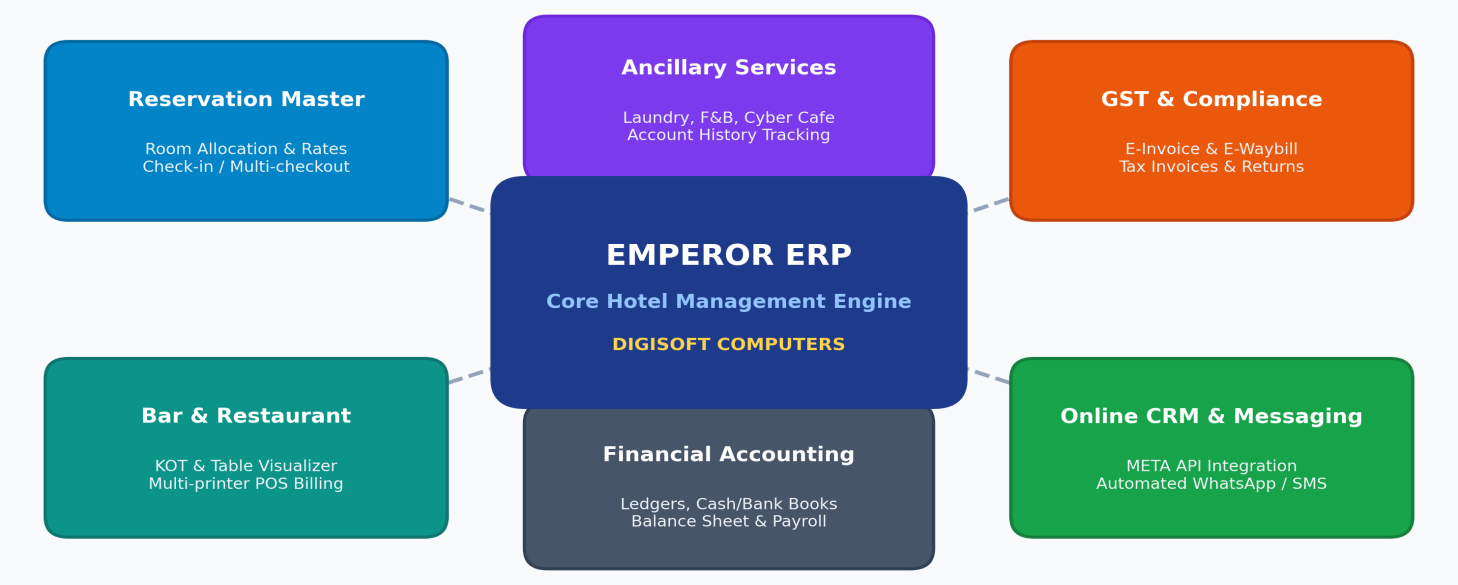

2. Bar & Restaurant POS

- **K.O.T. Engine:** Real-time Kitchen Order Ticket generation with kitchen routing & online user-defined printing.
- **Dynamic Inventory:** Multi-tier tracking for raw materials, packaging materials, finished goods & liquor control.
- **Sales & Commission:** Division-wise sales analysis in tabular formats; salesman daily incentive & shift tallies.
- **Recipe & Cost Control:** Standard recipe costing, auto-consumption deduction, re-order warning & stock entry.
- **Table Visualizer:** Quick table turnover, guest tagging, split ticketing, and supplier due alerts.

3. Ancillary Services

- **Service Master:** Dynamic management for laundry, direct dial telephony, F&B; room service, tour & cyber cafe.
- **On-Demand Services:** Instant facility to create unlimited customized services and unique billable items on the fly.
- **Individual & Folio Billing:** Separate service sales vouchers or consolidated check-out master folios.
- **Credit Guest Ledgers:** Specialized ledger tracking for corporate accounts, VIP dealing history & credit limits.
- **Automated SMS Alerts:** Integrated SMS management module for instant status alerts and transaction receipts.

EMPEROR INTEGRATED ARCHITECTURE & DATA FLOW

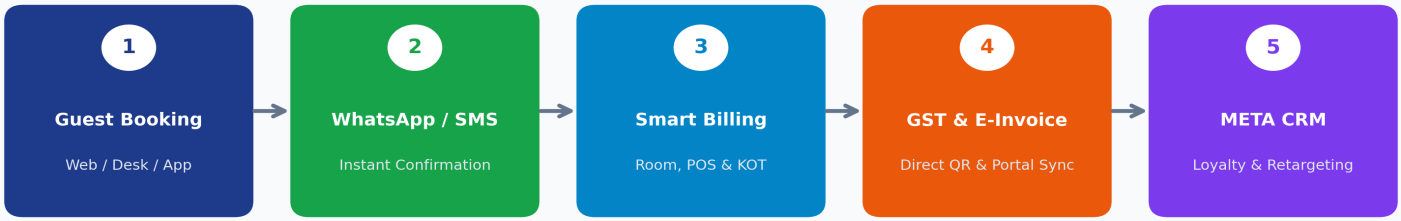

Core Operational Value: Built specifically for Indian & global hospitality standards, Emperor eliminates front-desk bottlenecks, connects kitchen operations directly with billing, and prevents revenue leakage with 100% audit-proof accounting.

EMPEROR HOSPITALITY SUITE

FINANCIAL AUDITING, GST COMPLIANCE & META CRM

Next-Gen E-Invoicing • WhatsApp • E-Waybill • Complete Financial Control

AUTOMATED GUEST JOURNEY & STATUTORY COMPLIANCE FLOW

Taxation, GST, E-Invoice & E-Waybill

- **GST & Tax Invoices:** B2B, B2C, retail, inter-state and tax-inclusive/exclusive billing with automated CGST, SGST & IGST calculation.
- **E-Invoice Generation:** Seamless direct generation of Government-compliant E-Invoices complete with IRN and QR codes.
- **E-Waybill & Transport Docs:** Rapid generation of electronic Waybills, C-Forms & statutory transport declaration modules.
- **Statutory Registers:** Real-time Sales, Purchase, Debit/Credit note registers, and Net Tax payable/receivable computation.

Online CRM & META API Integration

- **META API Integration:** Direct API connectivity with Meta platforms (Facebook & Instagram) for real-time lead capture & campaign ROI.
- **WhatsApp Automated Messaging:** Instant digital booking confirmations, PDF bills, check-in cards & automated greeting alerts.
- **SMS Messaging Module:** Transactional OTPs, checkout alerts & broadcast promotional SMS management.
- **Customer Relationship Hub:** Unified guest preferences, booking frequency, dealing history & targeted loyalty rewards.

Comprehensive Financial Accounting

- **Cash & Bank Management:** Daily cash transactions, bank book reconciliation, single & multiple journal vouchers.
- **Audit-Ready Ledgers:** General ledger, group ledger, customer statement of account & confirmation of accounts.
- **Full Financial Statements:** Real-time Trial Balance, Profit & Loss Statement, and Balance Sheet generation.
- **Daily Transaction Statement (DTS):** End-of-day audit roll-up summarizing room sales, POS collections & expenditures.
- **Asset & Debt Analysis:** Automated fixed asset depreciation charts, interest calculations, and debtor/creditor ageing analysis.

Pay-Roll & Back-Office Oversight

- **Full Payroll System:** Salary computation, deductions, employee attendance & division-wise staff accounting.
- **Supplier Due Alerts:** Bill-wise payment scheduling, purchase order tracking & stock transfer sales registers.
- **Fund Flow & Audit:** Accurate fund flow statements, physical stock registers & inward/outward inventory verification.

Functional Module	Key Technological Capabilities	Core Business Impact
Reservation Master	Interactive chart view, rate policies, multi-checkout & instruction log	Maximizes room yield, prevents overbooking & ensures swift guest check-in
Bar & Restaurant	Multi-printer KOT routing, recipe management & real-time inventory	Accelerates table turnover, prevents food wastage & eliminates bill pilferage
Financial Accounting	General ledgers, Daily Transaction Statement (DTS), P&L;, Balance Sheet	100% audit accuracy, instantaneous financial visibility & automated payroll
Tax & E-Invoicing	Automated GST invoices, direct E-Invoice (IRN/QR) & E-Waybill creation	Full statutory compliance, zero tax penalties & zero manual filing friction
META API & Messaging	Automated WhatsApp bills, booking notifications & META CRM lead sync	Elevates guest satisfaction, powers direct repeat bookings & low acquisition cost
